

C:/Users/PcBox Gaming
/Documents/GitHub/Proyecto
-TTI/include/AccelPointMass.hpp

```
graph BT; A["C:/Users/PcBox Gaming  
/Documents/GitHub/Proyecto  
-TTI/src/Accel.cpp"] --> C["C:/Users/PcBox Gaming  
/Documents/GitHub/Proyecto  
-TTI/include/AccelPointMass.hpp"]; B["C:/Users/PcBox Gaming  
/Documents/GitHub/Proyecto  
-TTI/tests/tests.cpp"] --> C;
```

The diagram illustrates a dependency structure where two source files, 'Accel.cpp' and 'tests.cpp', both include the 'AccelPointMass.hpp' header file. The header file is located in the 'include' subdirectory, while the source files are in the 'src' and 'tests' subdirectories respectively. All files are part of the 'Proyecto-TTI' directory within the user's 'Documents/GitHub' folder.

C:/Users/PcBox Gaming
/Documents/GitHub/Proyecto
-TTI/src/Accel.cpp

C:/Users/PcBox Gaming
/Documents/GitHub/Proyecto
-TTI/tests/tests.cpp
